

June 11, 2008

So I've been numb mostly. But last night was extremely hard. I broke down and I finally brought myself around to going to bed. It was 2:30am. I wanted so badly to call Travis, but knowing he wouldn't answer was too much to bear. And knowing he wasn't calling me anytime soon was just killing me. I broke down as I climbed into bed and cried and cried until I fell asleep.
